**OUR FUTURE DEPENDS ON OUR INVESTMENT
TODAY IN EDUCATION AND LEARNING.**

COST EFFECTIVE AND IMPACTFUL

Ensuring that the HCDE is cost effective and impactful means that students will be best served across our county and 25 Independent School Districts (ISDs).

QUALITY LEARNING PROGRAMS

Quality learning programs are provided by federal grants such as Head Start for school readiness. HCDE Adult Education supports literacy and attainment of the General Education Development (GED) credential.

ACCESSIBLE TO THE COMMUNITY

Accessibility of local educational programs gives students opportunities for academic enrichment in order to excel in school.

BOOST EDUCATIONAL VALUE

Strengthening programs for the educational community, securing their continuity, and assuring quality learning boosts educational value for more than 800,000 students in Harris County.
